CELSYS presenting software to winners of ASIAGRAPH 2014: Supporting to develop creators' talent in Asia.

CELSYS of ArtSpark Holdings group will present the software for illustration and manga "CLIP STUDIO PAINT" to the CG art creators who have won "ASIAGRAPH 2014 in Tokyo" as best works.

Their art works will be displayed on the ASIAGRAPH website (http://asiagraph.jp/english/index.html) from today.

"ASIAGRAPH" is the event where researchers and creators from Asia get together and present the cutting-edge technologies and their works for the further progress of digital contents from Asia. The event has been held from October 23 (Thu) to 26 (Sun) this year and a lot of works have been submitted from Asian regions for the CG art contest. CELSYS will present "CLIP STUDIO PAINT" through the event office to the winners of "CG ART Gallery – public subscription for CG Arts" and "Kids CG competition" for the purpose of supporting to develop the creators' talent in Asia.

CELSYS and ASIAGRAPH organized together the illustration workshop with "CLIP STUDIO PAINT" for kids and a live drawing performance by a professional creator aside from the art exhibition at "ASIAGRAPH 2014 in Tokyo".

"CLIP STUDIO PAINT" is released in English, Chinese (traditional), French and Spanish as well as Japanese for the creators around the world.

CELSYS will support the creators in the world including Asia in partnership with ASIAGRAPH.

About CLIP STUDIO PAINT

It is a painting tool compatible with Windows/Mac OS X, implemented with natural and smooth drawing touch and powerful processing ability to lightly handle high-resolution and multi-layer works. "CLIP STUDIO PAINT PRO" for illustration includes all features for illustration such as pen tools with natural and real touch, brush tools with versatile painting expressions, painting tools to efficiently and beautifully paint, and making single-page manga. "CLIP PAINT STUDIO EX", the high-end version of "PRO", including features for managing multi-page works and improving work efficiency and quality on top of the functions of "PRO", is the best for creating manga.

"CLIP STUDIO PAINT" has been used by more than 800,000[1] creators around the world. [1] Trial version included.
