## Creating a more passionate world

Our vision of "creation" goes beyond just "creative activities."

It is not only about supporting creators but also about spreading the passion and

engagement around the world through the content they create.

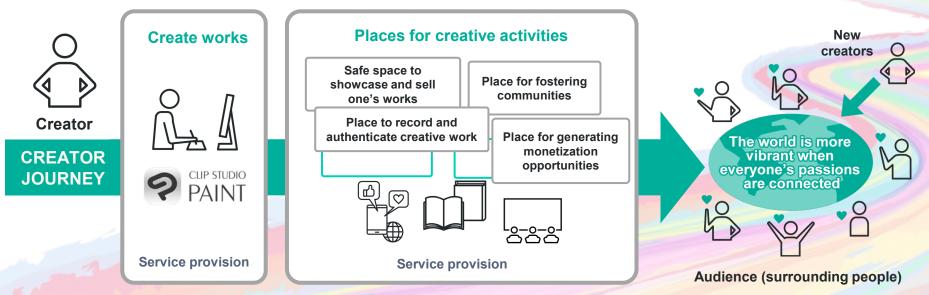

From this, new communities emerge, fostering connections that transcend generations, borders, and cultures.

We will continue to embrace "Creation," expanding new realms of passion yet to be discovered.

## Celsys's Mission

Celsys contributes to creators and audiences in the creator economy market. Through providing services that support every stage of their journey —the "CREATOR JOURNEY"— we strive to create "a world that is more vibrant when everyone's passions are connected."

\*1 Excluding sales from the UI/UX business sold in 2023

\*2 Approx. 0.2 billion yen of one-time losses due to enhanced security measures

## 1-2. Achievement rate of full-year financial results

For Q1 FY12/25, the achievement rates of net sales and profit in relation to the full-year financial results forecast are both over 25%.

CELSYS

## 1-3. Formulation of the Medium-Term Management Plan

The Company has completed the development of our management structure to advance the next stage of growth, marked by the listing on the Tokyo Stock Exchange Prime Market and the merger of a subsidiary. Based on this new foundation, we have formulated our new Medium-Term Management Plan 2025–2027. While strengthening the profitability of CLIP STUDIO PAINT, we will leverage its customer base to expand into broader areas of the creator economy and deliver new services in these domains.

### **Business approach under the Medium-Term Management Plan**

To become a company that maintains various touchpoints with the creation process of users and audiences, grows together with the creator economy market, and generates revenue through a service platform

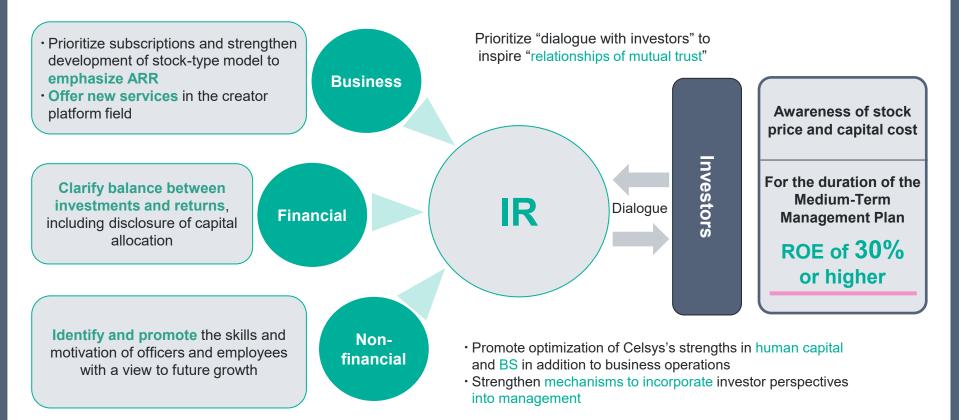

For details on the Medium-Term Management Plan 2025-2027:

https://www.celsys.com/files/user/pdf/ir/info/2025/info\_2025-0214a\_en.pdf

## 1-4. Essential activities of the Medium-Term Management Plan

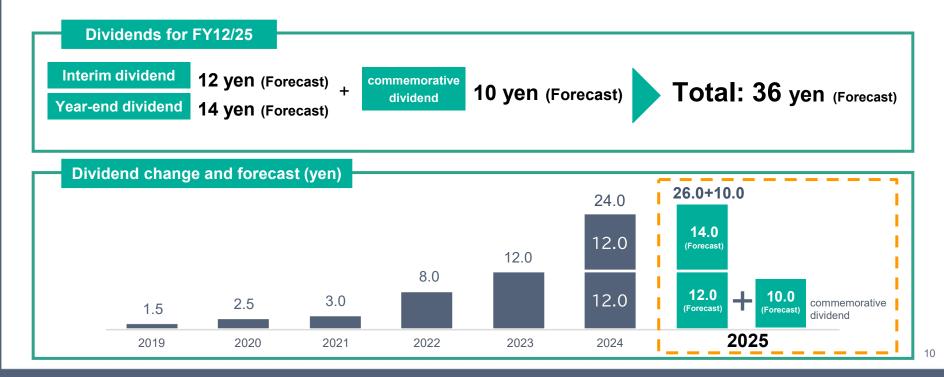

## 1-5. Capital policy: Strengthening shareholder returns and dividends

The Company recognizes that shareholder returns to the shareholders is an important management issue. With regard to our dividend policy, we are taking into consideration our important KPI of achieving ROE of 30% or higher, and we will strive to increase dividends over the medium to long term.

## 1-6. Capital policy: Acquisition and utilization of treasury shares

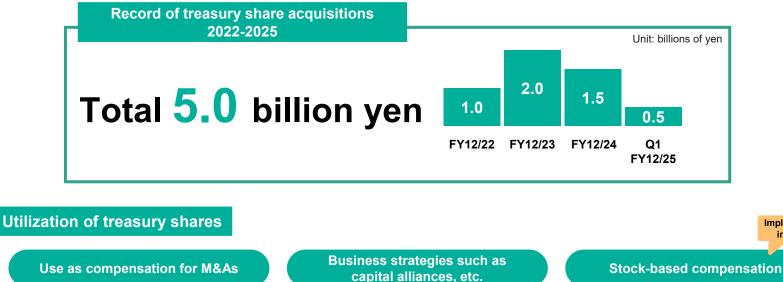

#### Acquisition of treasury shares

Reduce financial burden at time of

acquisitions for corporate growth

A total of 0.5 billion yen worth of treasury shares was acquired during the Q1 FY12/25 to enhance capital efficiency, execute flexible capital policy in accordance with the business environment, and further fulfill shareholder returns.

 Strengthen strategic partnerships
 Aim to enhance corporate value by sharing value with shareholders

Implemented in 2024

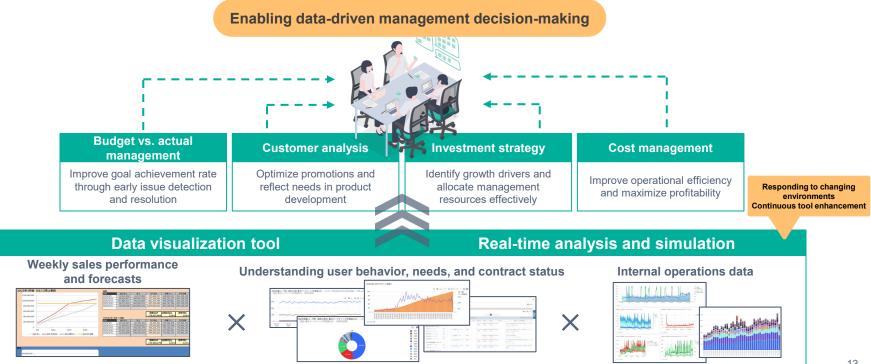

## 1-8. Non-financial policy: Initiatives to maximize human capital

Currently implementing specific measures to address 3 key areas for improvement identified through the employee engagement survey conducted in 2024. Going forward, we will continue to promote the enhancement of the employee experience, aiming to increase corporate value through the acquisition and retention of talent and improved productivity.

## 1-7. Accelerating and enhancing management decision-making

The Company has developed and operate an in-house data visualization tool for business and management data. This enables real-time analysis of the current situation, supporting faster and more accurate management decision-making, as well as agile formulation of growth strategies.

1-9. Initiatives to expand market capitalization and improve liquidity

Focus on maintaining inclusion in TOPIX

The Company's shares have been a constituent in TOPIX, selected by the Tokyo Stock Exchange, since October 2024.

The selection criteria for TOPIX are scheduled to be revised starting in October 2026. As of March 2025, our shares meet the revised criteria as outlined below.

	Selection criteria	The Company's status	Compliance status
Annual traded value ratio	0.14 or more	<b>3.0</b> <sup>*1</sup>	Compliant
Percentage of cumulative free-float adjusted market capitalization	In the top 97%	In the top 61% <sup>*2</sup>	Compliant

We continue to focus on maintaining inclusion in TOPIX, expecting demand primarily from passive funds, and are committed to increasing our free-float ratio and ensuring sufficient liquidity.

The Company's shares included in an ETF that recorded the highest domestic return in FY2024

The Company's shares were newly included in the Global X Japan Games & Animation ETF in March 2025, an ETF that recorded the highest return among Japan equity ETFs in FY2024.<sup>\*3\*4</sup>

<sup>\*1</sup> Estimated as of the end of March 2025

<sup>\*2</sup> Estimated based on the Company's share price as of the end of March 2025 and the free-float ratio as defined by the Tokyo Stock Exchange)

#### 1-10. Business impact from external factors such as tariff measures and foreign exchange fluctuation CELSYS

#### Impact on business performance from U.S. tariff measures

The majority of the Company's business consists of digital services that do not involve the import or export of physical products and are therefore not subject to tariffs. We have not been directly affected, and there is no expected impact on the financial results forecast.

#### Impact on business performance from foreign exchange fluctuations

In the Company's overseas operations, sales of CLIP STUDIO PAINT are settled in currencies other than Japanese yen, and server usage fees and advertising expenses are also invoiced in foreign currencies. As such, fluctuations in sales and expenses tend to offset each other. As a result, the impact of foreign exchange rate fluctuations on profit is limited, and there is no significant effect on our overall business performance. Additionally, the Company's international transactions are conducted in a variety of currencies, including not only the U.S. dollar but also the euro, Korean won, and others. Therefore, fluctuations in any single currency have minimal impact on our business performance.

#### **Oversea sales**

Sales and subscription fees for CLIP STUDIO PAINT settled in currencies other than Japanese yen

- CLIP STUDIO PAINT subscription fees
- CLIP STUDIO PAINT one-time purchase version sales

#### **Overseas expenses**

#### Server usage fees invoiced in currencies other than Japanese yen

AWS (Amazon Web Services), etc., server usage fees

#### Advertising expenses invoiced in currencies other than Japanese yen

• Google, Facebook/Instagram, etc., ad placement unit prices

## 3-3. Business overview: Stable earnings from subscription sales

CLIP STUDIO PAINT focuses on providing licenses through a SaaS-based subscription model, with the aim of securing stable earnings over the medium to long term. The company is working to increase the number of subscription contracts by strengthening this approach.

In parallel with the subscription model, we continue to offer a one-time purchase version. This version contributes to earnings through new user acquisition campaigns and addresses the needs of users who are reluctant to enter into subscription contracts. By complementing the subscription model, it helps maximize overall earnings. The one-time purchase version allows access to new features by purchasing an additional subscription or paying a version update fee.

3-4. Creator Support field: Key initiatives focused on 2025

# Increase number of CLIP STUDIO PAINT subscription contracts, continue growth of ARR

## Priority measures

(1) Increase new user acquisition by strengthening global expansion

(2) Expand the user base by engaging with young and light users

(3) Increase the retention rate by strengthening user communities

Promote as activities in the Creator Platform field (p.36)

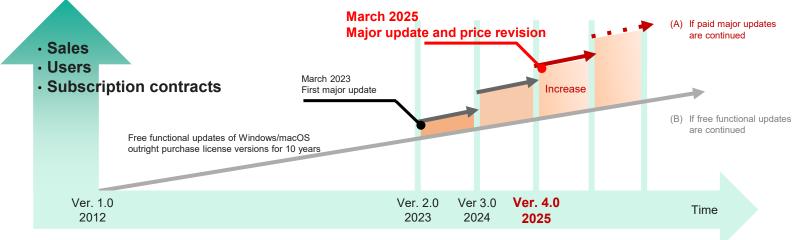

## - 3-4. Creator Support field: Activity topic (1)

#### Major update and price revision for CLIP STUDIO PAINT

CLIP STUDIO PAINT conducts a major version update annually with the aim of boosting both sales and the number of users and subscription contracts. In March 2025, Version 4.0 was released with the major updates of CLIP STUDIO PAINT. At the same time, the price of the one-time purchase version was revised, with an increase of up to 8%.

Version 4.0 received a strong response, and the accompanying promotional campaign achieved results exceeding the initial plan. As a result of increased sales and subscription contracts, CELSYS's monthly sales exceeded 1 billion yen for the first time in March 2025.

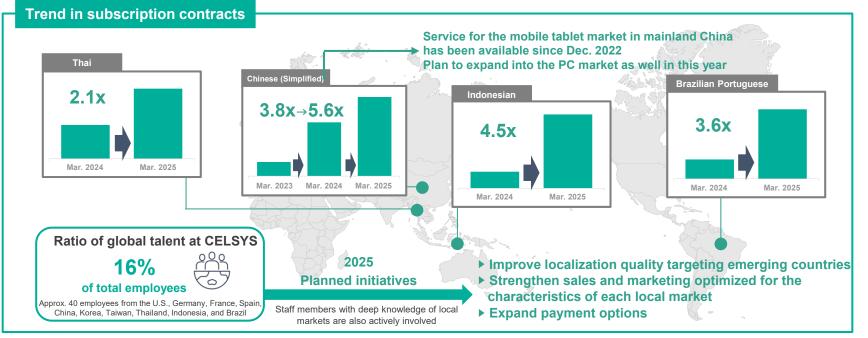

The price will be revised to match the increased value of services with the regular release of major updates in the future.

## 3-7. Creator Support field: Activity topic (2)

#### Promote new user acquisitions for CLIP STUDIO PAINT by strengthening global expansion

Continue our efforts to increase users around the world. This year, initiatives to acquire new users, particularly in China and emerging countries were strengthened, resulting in year-on-year growth in the number of users. Remain focused on global expansion going forward.

Starting with Version 4.0, CLIP STUDIO PAINT offers tutorial features that are easy to use for entry-level users among younger generations

## **3-5. Creator Support field: Activity topic (4)**

#### Strengthening AI development investment

Celsys, recognizing the potential of AI technologies ten or more years ago, has continued to conduct research and development, and worked to strengthen and further deepen investment in the Al field. In

addition to internal development, we are also collaborating with our strategic partners.

Entering a capital participation and strategic partnership agreement with ax Inc., an industry leader in the practical application of AI technology, development capabilities have been enhanced.

We entered into a capital and business alliance with WEBTOON Entertainment, which globally provides services such as LINE MANGA in Japan and NAVER WEBTOON in Korea, and are in discussions in the AI field.

Celsys plans to maintain its policy of not incorporating functions using image generation AI in CLIP STUDIO PAINT. Based on our policy of maintaining the utmost respect for ethics and rights in creative activities at all times, we will explore how AI technologies can be used in areas where we can support creators in making their creative activities more enjoyable.

## 3-8. Creator Support field: Activity topic (5)

### Other activities

E Expected impact of the activities

## 4-1. Business overview: Vision for Creator Platform field

In the "CREATOR JOURNEY," which refers to the path connecting creators who produce works and the audiences who enjoy them, we aim to provide additional value behind the phase of creating works by expanding platform services and establishing a new core pillar of our business.

Referenced source: Based on independent estimations using sales scale data from relevant services, derived from "In-Depth Research on Creator Economy Market" (2024) and "Survey Results on Domestic Creator Economy" (2024). The overseas market is estimated to be 10 times the size of the domestic market, as indicated by "Survey Results on Domestic Creator Economy" (2024).

## 4-3. Creator Platform field: Activity topic (1)

## CELSYS

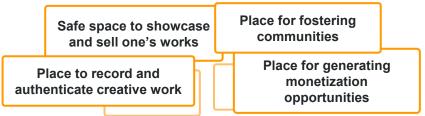

### Planning and development of new platform services

While conducting research on the ecosystem and key existing services in the creator economy market, the Company has been considering the concept of a new platform service for creators, with the aim of launching the official service in 2026. At the same time, efforts have been made to strengthen the organizational structure, including securing personnel, to support the development of new services.

#### Service planning & development

Create new opportunities for profit generation by providing creators with various places for activities and stimulating creative activities

#### - Concept of new services -

#### Organizational expansion & alliances

Secure necessary personnel and strengthen partnerships with other companies to enter the creator economy market

- Initiatives to accelerate business expansion -

Strengthen the organization and accelerate development through M&A, including the use of treasury shares

Collaborate with creator economy companies Enhance the organizational service development and operating structure

Start concrete service planning in 2025 and aim for an official release in 2026

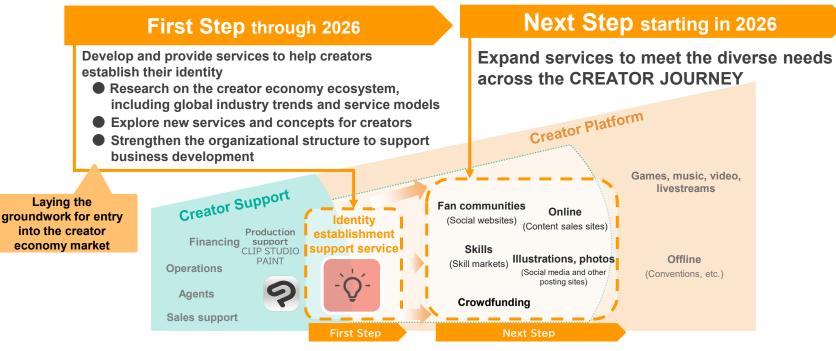

#### Set the number of platform users\* as a KPI

## -4-4. Creator Platform field: Activity topic (2)

### Progress status of planning and development of new platform services

Looking ahead, in the creator economy, we anticipate that a creator's "personal identity" will become more important than their content. With this in mind, we are moving forward with the planning of our "First Step" services, while keeping the "Next Step" in sight.

## **4-6.** Creator Platform field: Activity topic (3)

#### Operate and revitalize existing platform services

= Expected impact of the activities

Implemented initiatives to increase the number of platform users by providing creators with places (services) for their activities and improving services.

The 43rd International Illustration Contest, themed "Fantasy Creatures," was held in March

Improve retention rate of CLIP STUDIO PAINT through the activation of user communities

The 6th session of online outreach editorial "Mochikomi Online," from which a manga artist who achieved commercial serialization has emerged, was held in March

# • 4-5. Creator Platform field: Activity topic (4)

#### Utilization and improvement of distribution solutions (DC3 and e-book)

Promoted the utilization of DC3 Solutions in new platform services

TWO VIRGINS Co., Ltd. launched a new service, TWO VIRGINS DIGITAL, which handles DC3 content, and began offering the art book series "THE VISUAL", created by popular illustrators, as DC3 content

• Conducted optimization of DC3 solution performance, reduction of operational costs, and improvement of UI/UX

Continued provision and development of e-book Solutions

#### **CELSYS's distribution solutions that support Creator Platform**

A content distribution platform solution that treats all digital content as unique "things." Content distributed via DC3, though digital, can be handled as they were real "things" owned in the real world.

# Reference material: Business and field reorganization

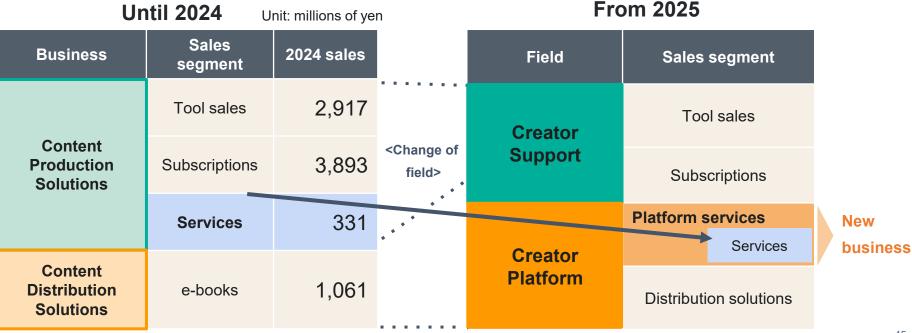

CELSYS

In 2025, existing businesses and fields were reorganized to expand our business domain in the creator economy market, leveraging our strengths in CLIP STUDIO PAINT, e-book Solutions, and DC3 Solutions

Reference material: Change to sales fields

In light of the reorganization of businesses and fields from 2025, sales segments changed. The business/field that includes sales from Services was changed from the previous Content Production Solutions business to the Creator Platform field.

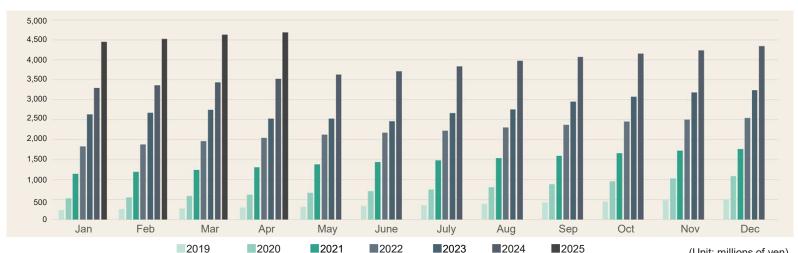

\* Net sales and operating profit by business segment are both adjusted within the Group, so there are differences between the combined figures for each business segment and the consolidated Group total.

Note: A rolling three-month average is used for ARR (abbreviation for Annual Recurring Revenue, expected net sales for one year assuming that all contracts are renewed at the time of renewal) as the amount fluctuates due to the fact that the number of business days per month every three months depends on the settlement method (usually 28 business days, but there are special cases of 35 business days), and because adjustments are made at the end of each quarter, when results are calculated.

2025	4.5	4.4	5.1	4.7								

Note: This indicator is the customer churn rate based on the number of customers with paid subscription contracts for the SaaS version of CLIP STUDIO PAINT. The rate is calculated based on the number of cancellations during the month relative to the number of contracts as of the end of the previous month. In cases where one customer has multiple contracts, each contract is calculated separately. Due to the nature of the product, which offers monthly contracts that allow customers to use the product as needed, in addition to annual contracts, the same customer may repeatedly sign and cancel contracts, but the calculation includes all such cases.

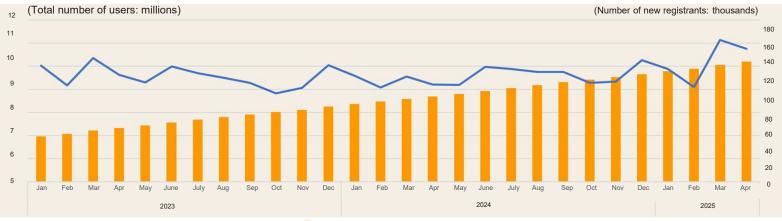

Note: The payment system used for subscription fees for Windows and macOS was changed in May 2023 in order to strengthen security to prevent authorized payments not going through due to unknown attacks. Although the churn rate temporarily increased significantly due to contracts lapsing at the end of the reregistration period at the end of May with some subscribers not reregistering, the number of new contracts continued to steadily increase, and from July 2023, remained steady.
